How can we build capacity for IKT?

“Nothing about us without us”
Over the next five years

Develop and implement the first Integrated Knowledge Translation Guiding Principles for conducting and disseminating spinal cord injury research in partnership.
Our Consensus Panel

A team of multidisciplinary SCI researchers, clinicians, organizations, funders, and research users with IKT experience.
Our Progress

Phase 1: Knowledge Creation

- Review of reviews and scoping review
- Interviews with "IKT champions"
- Consensus (Delphi study)
- AGREE II meeting
- IKT guiding principles
